Education

STES's Sinhgad Institute of Management, Pune Master Of ComputerApplication(MCA) CGPA : 8.00/10	Oct 2024 – June 2026 Pune, Maharashtra
Deogiri Institute Of Management, Chh. Sambhajinagar Bachelor of Computer Application(BCA) Percentage: 76.70%	Oct 2021 – June 2024 Chh. Sambhajinagar, Maharashtra

Experience

Stridemax pvt.Ltd ,new Mumbai   Certificate

- Contributed to building and maintaining a **Next.js** application with secure authentication and responsive UI.
- Developed a **full-featured Inventory Management** System using the MERN stack.
- Built CRUD operations for products with JWT-based authentication.
- Currently working on a **real-time chat application** using Socket.IO and MongoDB.

Projects

Study Notion – Ed-Tech Platform | React.js, Express.js, Node.js, MongoDB, Mongoose   Code

- Developed an **Ed-tech platform,** enabling **students** to enroll in courses and **instructors** to create/manage content.
- Developed **RESTful APIs** for course management, enrollment, and progress tracking.
- Integrated **Razorpay** payment gateway for **secure** and **seamless** course purchase transactions.
- Integrated cloud storage (e.g.**Cloudinary**) for hosting course **thumbnails** and **media files**.
- Set up email notifications for user by **Nodemailer** after sign-up, course enrollment, and payment confirmations.

ReelNova - Application |Next.js, MongoDB, Mongoose, ImageKit,   Code

- Developed a full-stack **social media platform** enabling users to create accounts, **upload reels**, and engage with content.
- Built the frontend with **Next.js,** ensuring responsive UI and optimized performance for seamless user experience.
- Integrated **ImageKit** for secure, scalable **image** and **video storage** with real-time optimization and CDN delivery.
- Implemented user authentication and **session management**, ensuring secure account creation and login flows.

DevOverflow - Q&A community platform | Next.js, Tailwind CSS, Shadcn , MongoDB, Mongoose   Code

- Implemented **OAuth**-based authentication and authorization using **Google** and **GitHub .**
- Built a full-stack **Q&A platform** with features for posting questions, submitting answers, voting, etc...
- Integrated **server-side data fetching** and API routes in Next.js for seamless frontend–backend communication.
- Implemented user engagement features such as **upvotes**, views tracking, and content prioritization.

Technical Skills

HTML, CSS, Tailwind CSS, TypeScript, JavaScript, React, Next.js, Node.js, Express, ShadCn, C, Java, Python, Prisma, Mongoose, MySQL, PostgreSQL, MongoDB, REST APIs, WebSockets, Zustand, JWT, Bcrypt, Redux Toolkit .

Cloud & DevOps Skills: Linux, AWS EC2, S3, IAM, Docker, Kubernetes

Tools & Services : Git, GitHub, Turborepo, Postman, Vim, Bash.

Extracurricular and Achievements

- **Solved** DSA problems on LeetCode and GeeksforGeeks, showcasing proficiency in problem-solving skills.
- Served as **technical coordinator** for college Code Battle event; selected MCQs, designed coding problems, and supported smooth event execution.
